

Oracle Report May 2011

Oracle has continued to be produced roughly every 3 months throughout 2010.

Copies have been delivered to in excess of 200 homes in the Occold area, as well as copies being placed in the church, pub, village hall and primary school.

Ross has taken over from Richard as delivery person and our thanks are extended to him and his family, for their willingness in taking this on.

Andy Andrews stepped down as co-editor in February of this year and Di has continued as editor since that time. She would love to have somebody else to work alongside her in production and waits for an eager volunteer to step forward!

Our thanks are extended to Andy, for his many years of producing what has become a super little magazine.

Due to the uncertainties arising from the noise-breakout issues, Andy decided to cease holding the Oracle evenings during 2010. ORAC were very sad to hear of this decision, but respect Andy's point of view in this matter.

During the year, the Parish Council very kindly nominated Oracle in the village magazine of the year competition. We didn't win – but it's the taking part that counts! And maybe next year??

Links have been forged with our neighbours in Thorndon and Redlingfield, and efforts are made by all concerned, to include material relating to each village in the respective magazines and also to try to avoid clashes of dates for various functions.

I would really like to try to include as many local interest items as possible in Oracle and rely on villagers to keep me posted. So please spread the word for people to contact me concerning anything that they feel would be of interest or amusement to readers.

Thank you.

Di. Noller
