Extension Proposals:

Still going ahead. DC is waiting to see if we can get any funding from the new development in the village. Still saving for this project. Concerns were raised about timing of the planning process. Need foundations and hard stand in place within the next 14 months. Considering how we can maximise the use of the hall with additional small room space that we can let out for other activities. DC to speak to Brian Hull (re footings) and local Council.
