

## District councillor's report, February 2011

### 1. Household waste sites

Further to the note in my report for last month, I would urge all residents who are concerned about the danger of the closure of household waste recycling sites to sign the following e-petition on Suffolk County Council's website, and to spread the word about it:

<http://petitions.web-labs.co.uk/suffolkcc/public/Petition-concerning-the-proposal-by-Suffolk-County-Council-to-close-7-household-waste-sites>

This petition will remain open until April 5. However, the Council is due to vote on this matter at its meeting on February 17, so the sooner the better!
