### **AOB**

Jim Deegan complained about the state of the village green. It was explained that volunteers had been cutting the green but now Cameron Johnson is being employed to cut the green and will do so in near future.

Dave Cox said a resident of the village had complained that the playground was overgrown and unusable, again it was explained that Cameron would be cutting it in near future.

Dave Cox suggested that a Bingo Afternoon would be a good idea to help lonely people in the village. The committee agreed in principle, but someone would need to come forward to organise the event as at present the committee run several regular events for the residents.

Dick Horsnell thanked the committee for all their hard work.

The meeting closed at 8pm
